

# Centralina Virtual Career Marketplace

## Hey Employers! Need Employees But Can't Find Enough People? Here is the Solution!

Any business looking to hire people and seeking great candidates should participate in the Centralina Virtual Career Marketplace on Thursday May 16, 2019. Provided by the Centralina Workforce Development Board and our NCWorks Career Centers, this innovative, no-cost event is designed to attract job seekers looking for new or better opportunities and connect them with your business.

Design your virtual booth, post jobs, show videos and host text chat sessions to show why you are an 'Employer of Choice' without leaving your office! Potential employees want to know why they should work for your great company. Show them why!

You will get guidance on setting up your booth using our easy online interface. During the event, you can connect with job seekers via chat or email and be able to review the profiles and resumes of candidates who are interested in working for you.

**Date: Thursday May 16, 2019 | 8:00am – 8:00pm**

## Interested?

Use the following link to submit your information and a member of the Centralina Workforce Development Board Business Services Team will contact you to answer any questions and get you signed up.
