

## **An entrepreneurial approach to economic development.**

**Cabarrus Economic Development is awarding 5 local companies with grants to participate in Grow Cabarrus, a pilot program run in partnership with the National Center for Economic Gardening. The program provides strategic research and analysis for second-stage companies.**

### **Helping innovative stage 2 companies accelerate their growth.**

- 10 to 100 employees
- \$1 to \$50M in annual revenue
- Experienced growth in 3 of the last 5 years
- Customer base outside of Cabarrus County

### **A team of business research experts at your disposal to:**

- Conduct market research
- Track industry trends
- Gather competitive intelligence
- Identify customer location, demand and potential
- Map data like trade areas and competitor locations

**If you think your company would be a good candidate for GrowCabarrus, visit [www.cabarrusedc.com/growcabarrus](http://www.cabarrusedc.com/growcabarrus) to apply.**
